## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-23 and 25-33 are allowed over the prior art of record.

Applicant has claimed uniquely distinct features in the instant invention which are not found in the prior art either singularly or in combination. They are a method of responsive to a user input to scroll through the data in the tree structure, determining whether a current-ancestor hierarchy of an item is displayed in a designated section of the tree structure; and displaying the current ancestor hierarchy for the item in the tree structure in response to determining whether the current ancestor hierarchy of the item is displayed in a designated section. These features are not found or suggested in the prior art.

The closest prior art, Stead discloses a conventional of scrolling methods to display hierarchical data structure can include a first parent node and a plurality of child nodes of the parent node and plurality of subordinate nodes; either singularly or in combination, fail to anticipate or render the above underline limitation obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
